

OSIRIS®

Built for ease-of-use, reliability and profitability.

Made in Canada to sustain the harshest and changing weather conditions, **the Osiris® farm** supports businesses, communities and people everywhere to grow sustainable and delicious food hassle-free, 365 days a year. Delivering over 10,000lbs of food yearly using reliable, outage-proof deep water culture technology.

PRODUCT FEATURES

- 2,688 planting slots grow 10,000lbs of food yearly
- R28.5 insulated panels sustain up to -40°C
- Deep Water Culture (DWC) ensures protection against crop loss and grows large, healthy plants at all levels
- Remote monitoring and control of your farm from anywhere

MAKE AN IMPACT

A cornerstone of food sovereignty, Growcer OSIRIS® is transformative in communities looking to grow hyper-local food and secure their supply chains.

GROW YOUR BUSINESS

Transforming local supply chains and developing year-round, profitable business ventures for entrepreneurs and established retailers.
